Arkansas History Activity Book

A state worth knowing, with maps and questions

A STATE WORTH KNOWING

Nine pages of reading, maps, questions and a timeline, written for a child working mostly alone with a pencil. Facts are plain and checkable. Where something is complicated, it is said so.

PAGE	WHAT IS ON IT
2	The land: rivers, mountains, regions
3	Timeline, 1541 to now
4	Arkansas Post and the first towns
5	Statehood and the road to statehood
6	The Trail of Tears through Arkansas
7	The Little Rock Nine, 1957
8	People, places and inventions
9	Answer key and a project

For the teaching parent. This is a starting map, not a full curriculum. Each page names one date worth remembering and one question worth arguing about, which is enough to hang a short unit on.

This is a printable planning document, not professional advice. It is sold as a reference and a record keeping tool. It is not legal, financial, tax, medical, veterinary, engineering, agronomic or safety certification, and it does not replace a licensed professional, your local code official, your county extension office, or the manufacturer of any product you use.

You are responsible for your own decisions. Conditions differ by place, climate, equipment and person. Read the whole document before relying on any figure, date or interval in it, confirm anything that matters against the current official source, and use your own judgment before acting.

Activities for children need an adult present. Several activities involve scissors, small parts, water, heat, food, outdoors, tools or fire. Adults are responsible for choosing what is age appropriate, supervising it, and checking the surroundings and materials first. Nothing here replaces your own judgment about the children in your care. No educational, developmental, behavioral or health result is promised or implied by any page in this pack.
